

Netskope Compliance Portal

WHAT IS THE NETSKOPE COMPLIANCE PORTAL?

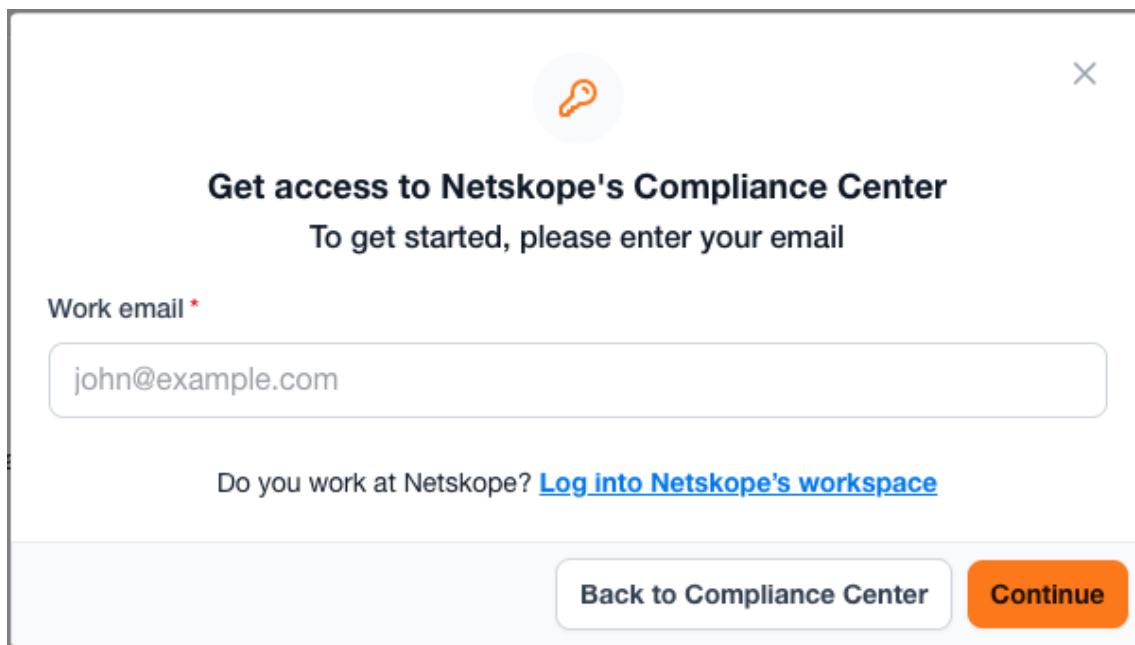

The Netskope compliance portal on Safebase is our secure document portal that Netskope utilizes to share confidential security details with customers. On this portal, customers can access audit reports, copies of our Information Security policies, completed security questionnaires, and more.

GETTING ACCESS TO NETSKOPE'S COMPLIANCE PORTAL

1. Visit our portal at <https://compliance.netskope.com>.

2. An access request will need to be made for access to our documents and reports.
3. Click Get access and fill out your email address.

The screenshot shows a modal form titled 'Get access to Netskope's Compliance Center'. The subtitle is 'To get started, please enter your email'. There is a 'Work email' label with a red asterisk. Below it is a text input field containing 'john@example.com'. At the bottom, there is a link 'Do you work at Netskope? Log into Netskope's workspace'. At the very bottom are two buttons: 'Back to Compliance Center' and 'Continue'.

4. Fill in some additional information and submit the request.

Request Access

Please provide the following details to get access to Netskope's Compliance Center
